## Blue Ocean Discovery Center

Jan	Feb	Mar	Apr	May	Jun	July	Aug	Sep	Oct	Nov	Dec

Key Responsibilities       • Greet the public at the door and encourage them to come inside.         • Ask visitors to rinse their hands before coming inside for the protection of marine life in the touch tank.       • Encourage donations to BOS where appropriate.         • Represent BOS with a professional, friendly, and enthusiastic attitude.       • Answer questions from visitors about Blue Ocean Society, the Blue Ocean Discovery Center, and the local Hampton/seacoast area as you are able, diverting questions to staff as needed.         Time Commitment       You build your own schedule! We prefer to have Discovery Center volunteers on a regularly weekly basis, but you get to decide what day and time works for you. Shifts can be as short as 2-3 hours.         Location       Blue Ocean Discovery Center         180 Ocean Boulevard       Hampton, New Hampshire         *On the Hampton strip just north of the Seashell Stage.       • Comfortable working with children.         • An interest in learning about marine life common to the New Hampshire seacoast. No in-depth knowledge is required.         • Ability to walk one mile along the Hampton strip from a free parking lot. Metered parking is available for \$2 per hour, but on
